An act to amend Sections 11202.5, 11205.1, 42005.1, 42005.5, 42007.1, 42007.3, and 42007.4 of, to amend, repeal, and add Sections 1803.5, 1808.7, 11200, 11202, 11205, 11205.2, 11208, 40512.6, 41501, 42005, and 42007 of, to add and repeal Sections 11208.5 and 42005.2 of, and to repeal and add Section 11205.4 of, the Vehicle Code, relating to vehicles.

### LEGISLATIVE COUNSEL'S DIGEST

AB 2499, as amended, Portantino. Vehicles: traffic violator school program.

(1) Existing law provides for the licensing and administration by the Department of Motor Vehicles of traffic violator schools, operators, and instructors in a classroom setting. Existing law also defines the term “traffic violator school” for purposes of the Vehicle Code to mean,

among other things, a business that provides instruction in traffic safety, including, but not limited to, classroom traffic violator curricula.

Existing law authorizes a court, in lieu of adjudicating a traffic offense committed by a person who holds a specified class of driver's license, to order or permit the person to attend a licensed traffic violator school, licensed driving school, or other court-approved program of driving instruction. Existing law also permits a court to order a continuance against a person who receives a notice to appear in court for a violation of a statute relating to the safe operation of a vehicle, in consideration for attendance at a licensed school for traffic violators, a licensed driving school, or any other court-approved program of driving instruction, and after that attendance, to dismiss the complaint, as specified.

This bill would revise and recast these provisions and, instead, would authorize the court, after a deposit of bail and bail forfeiture, a plea of guilty or no contest, or a conviction, to order a continuance of the proceeding against a person who receives a notice to appear in court for a violation of a statute relating to safe operation of a vehicle, in consideration for ~~attendance~~ *completion of a program* at a licensed school for traffic violators and order that the conviction be held confidential. The bill would prohibit the record of certain convictions from being confidential under these provisions. The bill, on April 1, 2012, would delete specified provisions governing existing court or county contracts to provide traffic safety instructional services to traffic violations.

The bill would also require that no violation point count be assessed if the record of conviction is confidential, unless other specified conditions apply. The bill would require that these provisions become operative on July 1, 2011.

(2) Existing law establishes traffic violator school licensing requirements and requires the Department of Motor Vehicles to license traffic violator school operators.

This bill would revise these requirements, including the licensing criteria applicable to a traffic violator school owner or operator and a person licensed as an owner/operator and who is so designated on the owner's license.

The bill would revise the requirements applicable to a court-approved program and would require a court-approved program that was in operation prior to January 1, 2011, to file an application for licensure as a traffic violator school by January 1, 2012. The bill would prohibit a court from approving a traffic safety program after January 1, 2011.

(3) Existing law authorizes a court, under contract, to use a court assistance program (CAP) to perform services related to the processing and monitoring of traffic violators and traffic violator schools and establishes requirements for the program.

The bill would instead authorize a traffic assistance program (TAP) under contract with the Department of Motor Vehicles to assist in oversight activities.

This bill would delete provisions relating to both a monitoring report prepared by a CAP and other provisions that preclude the department or the court from removing a traffic violator school from a referral list if certain conditions are met. The bill would also delete provisions relating to a requirement that the Judicial Council collect and compile data on CAPs and traffic safety instruction.

The bill would authorize the court to charge a traffic violator fee to defray the costs incurred by a TAP for traffic administration services provided to the court and to delegate collection of the fee to the TAP. The bill would require that the fees be approved and regulated by the court and that the fee not exceed the actual costs incurred by the TAP.

(4) Existing law requires a traffic violator school owner to file a bond of \$2,000 with the department.

The bill would increase the amount of the bond to \$15,000 for home study schools and require a \$2,000 bond for classroom-based schools.

(5) Existing law establishes fees related to the department's licensing of traffic violator schools.

This bill would discontinue the fee charged for the completion certificate and would, instead, require the department to charge fees for issuance of an original, renewal, or duplicate or corrected traffic violator school owner, operator, instructor, and branch or classroom location license. The bill would require the court to collect a single administrative fee to be collected from the person attending the traffic violator school, which would include an amount sufficient to defray the cost of monitoring traffic violator school instruction.

(6) Existing law requires the court to make available to persons who choose the traffic violator school, the current list of traffic violator schools, published by the department.

This bill would require the Department of Motor Vehicles to provide a list of licensed traffic violator schools on its Internet Web site, as specified, and to develop a Web-based database accessible by the courts and traffic violator schools to allow oversight of traffic violator school student enrollments and course completions.

The bill would also require, if a court or a TAP provides a hard copy list of licensed traffic violator schools to a traffic violator, to provide only a current date-stamped list downloaded from the department's Internet Web site.

(7) Under existing law, with certain exceptions, a violation of the Vehicle Code is a crime.

Because this bill would change the definition of an existing crime, it would impose a state-mandated local program.

(8) The bill would make conforming changes.

(9) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.

*The people of the State of California do enact as follows:*

1 SECTION 1. The Legislature finds and declares all of the  
2 following:

3 (a) Numerous studies around the country show a direct link  
4 between the accumulation of traffic violator points and the  
5 likelihood that a multiple traffic offender will at some time be  
6 involved in a serious traffic accident resulting in injury, death, or  
7 both. Sanctions alone are not the answer but should be coupled  
8 with education that fosters safe driving habits to reduce traffic  
9 safety risks.

10 (b) In 1984, the Legislature authorized a program designed to  
11 reduce recidivism among multiple offenders. In exchange for  
12 attendance at a traffic violator school (TVS), an offender's violation  
13 is dismissed by the court, which in turn prevents the Department  
14 of Motor Vehicles from imposing a point on the offender's driving  
15 record. Use of this option has expanded significantly over the years  
16 and now nearly 25 percent of all minor traffic offenses, numbering  
17 over one million annually, are dismissed in exchange for attendance  
18 at traffic violator schools.

19 (c) In addition, while current law only allows the first offense  
20 within any 18-month period to be dismissed for TVS attendance,  
21 if a superior court is unaware of the previous dismissal and allows

1 an offender to attend TVS more frequently, there is nothing the  
2 department can do to enforce the law. As a result, many drivers  
3 avoid sanctions that would otherwise be appropriate because of  
4 the number and frequency of their violations.

5 (d) Currently, the department licenses approximately 400  
6 classroom TVS programs, and superior courts have approved  
7 approximately 200 home study programs, including Internet, video,  
8 and paper-based correspondence programs. This divided  
9 administration of education delivery has resulted in various  
10 curricula without uniform criteria that would help achieve the  
11 ultimate goal of traffic safety. In addition to variations in curricula,  
12 the traffic violator schools operate under multiple regulatory,  
13 oversight, and monitoring structures, because each court in a county  
14 has different requirements under which a traffic violator school is  
15 approved.

16 (e) To carry out local oversight of currently unlicensed traffic  
17 violator schools, superior courts currently use court assistance  
18 programs (CAPs) to monitor schools and act as a liaison between  
19 traffic violators and the courts as well as violators and the  
20 department. The critical services provided by CAPs have kept the  
21 current system functioning, helped courts oversee their local traffic  
22 violator programs, ensured that violators who do not have Internet  
23 access find schools to attend, and otherwise served to guide  
24 violators successfully through the process. Without this local  
25 monitoring, the department and courts would be hard pressed to  
26 run their TVS programs and any change in the current system  
27 should include the use of services such as those of court assistance  
28 programs.

29 (f) With the corresponding shift to statewide regulation,  
30 oversight, and monitoring of traffic violator schools by the  
31 department, “court assistance programs” is no longer a title that  
32 accurately reflects the execution of duties at the local level. For  
33 this reason, the title of “court assistance program” will be changed  
34 to “traffic assistance program.”

35 (g) However, with increasing use of TVS programs since 1984  
36 and a recent study concluding that current programs do not reduce  
37 the likelihood that attendees will be involved in fewer traffic  
38 collisions or avoid committing additional traffic offenses, it must  
39 be concluded that the current TVS system is not reaching its full  
40 potential to meet the desired goals of the program.

(h) Therefore, it is the intent of Legislature to make the TVS program as effective as possible by developing a comprehensive system of statewide regulation of traffic violator schools, thereby ensuring uniform curricula and consistency in oversight and monitoring. It is further the intent of the Legislature to bring all traffic schools under the department's jurisdiction, charge the department with developing curricula and licensing courses for all modalities and specified personnel, utilize multiple third-party contractors or a traffic assistance program (TAP) to conduct local monitoring of the program, ensure traffic violator students have fair and equal access to programs, and prohibit the masking of traffic convictions for attendance at a TVS unless the school is appropriately licensed by the department and the traffic violator has no masked conviction within the previous 18 months.

SEC. 1.5. Section 1803.5 of the Vehicle Code is amended to read:

1803.5. (a) In accordance with Section 41501 or 42005, the clerk of a court or hearing officer, when a person who receives a notice to appear at a court or board proceeding for a violation of any statute relating to the safe operation of vehicles is granted a continuance of the proceeding in consideration for ~~attendance~~ *completion of a program* at a school for traffic violators, a licensed driving school, or any other court-approved program of driving instruction, and which results in a dismissal of the complaint in consideration for that ~~attendance completion~~, shall prepare an abstract of the record of the court or board proceeding, certify the abstract to be true and correct, and cause the abstract to be forwarded to the department at its office at Sacramento within 10 days after the complaint is dismissed.

1 designation of the conviction as confidential in consideration for  
2 that ~~attendance completion~~, shall prepare an abstract of the record  
3 of the court or board proceeding that indicates that the person was  
4 convicted of the violation and ordered to complete a traffic violator  
5 program, certify the abstract to be true and correct, and cause the  
6 abstract to be forwarded to the department at its office at

20 statistical purposes by the department.

21 (b) This section shall become inoperative on July 1, 2011, and,

29 confidential, shall not be disclosed to any person, except a court  
30 and as provided for in subdivision (b), and shall be used only for  
31 statistical purposes by the department. No violation point count  
32 shall be assessed pursuant to Section 12810 if the conviction is

8 (f) This section shall become operative on September 1, 2011.

9 SEC. 4. Section 11202 of the Vehicle Code is amended to read:

10 11202. (a) Except as provided in subdivision (c), a traffic  
11 violator school owner shall meet all of the following criteria before  
12 a license may be issued for the traffic violator school:

13 (1) Maintain an established place of business in this state which  
14 is open to the public. No office or place of business of a traffic  
15 violator school, including any traffic violator school branch or  
16 classroom location, may be situated within 500 feet of any court  
17 of law, unless the owner was established at the location on or  
18 before July 1, 1984.

19 (2) Conform to standards established by regulation of the  
20 department. In adopting the standards, the department shall  
21 consider those practices and instructional programs which may  
22 reasonably foster the knowledge, skills, and judgment necessary  
23 for compliance with traffic laws. The standards may include, but  
24 are not limited to, school personnel, equipment, curriculum,  
25 procedures for the testing and evaluation of students,  
26 recordkeeping, and business practices.

27 (3) Procure and file with the department a bond of two thousand  
28 dollars (\$2,000) executed by an admitted surety and conditioned  
29 upon the applicant not practicing any fraud or making any  
30 fraudulent representation which will cause a monetary loss to a  
31 person taking instruction from the applicant or to the state or any  
32 local authority.

33 (4) Have a classroom approved by the department and the proper  
34 equipment necessary for giving instruction to traffic violators.

35 (5) Have a ~~lesson plan~~ *course* approved by the department and  
36 provide not less than the minimum instructional time specified in  
37 the ~~plan~~ *course*. An approved ~~lesson plan~~ *course* shall provide a  
38 minimum of 400 minutes of instruction, except that a ~~lesson plan~~  
39 *course* for instructing persons under the age of 18 may provide a  
40 minimum of 600 minutes of instruction.

1 (6) (A) Execute and file with the department an instrument  
2 designating the director as agent of the applicant for service of  
3 process, as provided in this paragraph, in any action commenced  
4 against the applicant arising out of any claim for damages suffered  
5 by any person by the applicant's violation of any provision of this  
6 code committed in relation to the specifications of the applicant's  
7 traffic violator school or any condition of the bond required by  
8 paragraph (3).

9 (B) The applicant shall stipulate in the instrument that any  
10 process directed to the applicant, when personal service cannot be  
11 made in this state after due diligence, may be served instead upon  
12 the director or, in the director's absence from the department's  
13 principal offices, upon any employee in charge of the office of the  
14 director, and this substituted service is of the same effect as  
15 personal service on the applicant. The instrument shall further  
16 stipulate that the agency created by the designation shall continue  
17 during the period covered by the license issued pursuant to this  
18 section and so long thereafter as the applicant may be made to  
19 answer in damages for a violation of this code for which the surety  
20 may be made liable or any condition of the bond.

21 (C) The instrument designating the director as agent for service  
22 of process shall be acknowledged by the applicant before a notary  
23 public.

24 (D) If the director or an employee of the department, in lieu of  
25 the director, is served with a summons and complaint on behalf  
26 of the licensee, one copy of the summons and complaint shall be  
27 left with the director or in the director's office in Sacramento or  
28 mailed to the office of the director in Sacramento. A fee of five  
29 dollars (\$5) shall also be paid to the director or employee at the  
30 time of service of the copy of the summons and complaint, or shall  
31 be included with a summons and complaint served by mail.

32 (E) The service on the director or department employee pursuant  
33 to this paragraph is sufficient service on the licensee if a notice of  
34 the service and a copy of the summons and complaint is, on the  
35 same day as the service or mailing of the summons and complaint,  
36 sent by registered mail by the plaintiff or his or her attorney to the  
37 licensee. A copy of the summons and complaint shall also be  
38 mailed by the plaintiff or plaintiff's attorney to the surety on the  
39 licensee's bond at the address of the surety given in the bond,  
40 postpaid and registered with request for return receipt.

1 (F) The director shall keep a record of all processes served  
2 pursuant to this paragraph showing the day and hour of service,  
3 and shall retain the documents served in the department's files.

4 (G) If the licensee is served with process by service upon the  
5 director or a department employee in lieu of the director, the  
6 licensee has 30 days after that service within which to answer any  
7 complaint or other pleading filed in the cause. For purposes of  
8 venue, if the licensee is served with process by service upon the  
9 director or a department employee in lieu of the director, the service  
10 is considered to have been made upon the licensee in the county  
11 in which the licensee has or last had his or her established place  
12 of business.

13 (7) Meet the requirements of Section 11202.5 and subdivision  
14 (b) of Section 11208, relating to traffic violator school operators,  
15 if the owner is also the operator of the traffic violator school. If  
16 the owner is not the operator of the traffic violator school, the  
17 owner shall designate an operator who shall meet the requirements  
18 of Section 11202.5.

19 (8) Provide the department with a written assurance that the  
20 school will comply with the applicable provisions of Subchapter  
21 II or III of the Americans with Disabilities Act of 1990 (42 U.S.C.  
22 Sec. 12101 et seq.), and any other federal and state laws prohibiting  
23 discrimination against individuals with disabilities. Compliance  
24 may include providing sign language interpreters or other  
25 accommodations for students with disabilities.

26 (b) The qualifying requirements specified in subdivision (a)  
27 shall be met within one year from the date of application for a  
28 license, or a new application and fee is required.

29 (c) Paragraphs (3) and (6) of subdivision (a) do not apply to  
30 public schools or other public agencies, which shall also not be  
31 required to post a cash deposit pursuant to Section 11203.

32 (d) Paragraph (7) of subdivision (a) does not apply to public  
33 schools or other public educational institutions.

34 (e) A notice approved by the department shall be posted in every  
35 traffic violator school, branch, and classroom location stating that  
36 any person involved in the offering of, or soliciting for, a  
37 completion certificate for attendance at a traffic violator school  
38 program in which the person does not attend or does not complete  
39 the minimum amount of instruction time provided by subdivision  
40 (a) may be guilty of violating Section 134 of the Penal Code.

1 (f) A court-approved program that was in operation prior to July  
2 1, 2011, shall file an application for licensure as a traffic violator  
3 school by March 1, 2012. A court shall not approve a traffic  
4 violator school program after July 1, 2011.

5 (1) A court-approved program may continue to operate as  
6 approved by a court until the department makes a licensing  
7 decision.

8 (2) The department shall approve or deny all completed  
9 applications filed pursuant to this subdivision no later than  
10 December 31, 2012.

11 (3) A court-approved program shall be exempt from paragraph  
12 (5) of subdivision (a). The licensed program may continue to use  
13 the curriculum approved by the court until the department  
14 establishes curriculum standards in regulation. The court-approved  
15 program must comply with the new curriculum standards by the  
16 effective date established in regulation.

17 (4) New and revised departmental regulations necessitated by  
18 this section shall be adopted and effective no later than September  
19 1, 2011.

20 (g) This section shall become inoperative on September 1, 2011,  
21 and, as of January 1, 2012, is repealed, unless a later enacted statute  
22 that is enacted before January 1, 2012, deletes or extends the dates  
23 on which it becomes inoperative and is repealed.

24 SEC. 4.5. Section 11202 is added to the Vehicle Code, to read:

25 11202. (a) Except as provided in subdivision (c), a traffic  
26 violator school owner shall meet all of the following criteria before  
27 a license may be issued for the traffic violator school:

28 (1) Maintain an established place of business in this state that  
29 is open to the public. An office or place of business of a traffic  
30 violator school, including any traffic violator school branch or  
31 classroom location, shall not be situated within 500 feet of any  
32 court of law.

33 (2) Conform to standards established by regulation of the  
34 department. In adopting the standards, the department shall  
35 consider those practices and instructional programs that may  
36 reasonably foster the knowledge, skills, and judgment necessary  
37 for compliance with traffic laws. The department shall establish  
38 standards for each instructional modality, which may include  
39 requirements specific to each modality. The standards may include,  
40 but are not limited to, classroom facilities, school personnel,

1 equipment, curriculum, procedures for the testing and evaluation  
2 of students, recordkeeping, and business practices.

3 (3) Procure and file with the department a bond of fifteen  
4 thousand dollars (\$15,000) for home study schools and two  
5 thousand dollars (\$2,000) for classroom-based schools executed  
6 by an admitted surety and conditioned upon the applicant not  
7 practicing fraud or making a fraudulent representation that will  
8 cause a monetary loss to a person taking instruction from the  
9 applicant or to the state or any local authority.

10 (4) Have the proper equipment necessary for giving instruction  
11 to traffic violators.

12 (5) Have a lesson plan approved by the department, except as  
13 provided for in paragraph (2) of subdivision (c), and provide not  
14 less than the minimum instructional time specified in the approved  
15 plan. The approved plan shall include a postlesson knowledge test.  
16 The lesson plan for each instructional modality shall require  
17 separate approval by the department.

18 (6) (A) Execute and file with the department an instrument  
19 designating the director as agent of the applicant for service of  
20 process, as provided in this paragraph, in any action commenced  
21 against the applicant arising out of a claim for damages suffered  
22 by a person by the applicant's violation of a provision of this code  
23 committed in relation to the specifications of the applicant's traffic  
24 violator school or a condition of the bond required by paragraph  
25 (3).

26 (B) The applicant shall stipulate in the instrument that a process  
27 directed to the applicant, when personal service cannot be made  
28 in this state after due diligence, may be served instead upon the  
29 director or, in the director's absence from the department's  
30 principal offices, upon an employee in charge of the office of the  
31 director, and this substituted service is of the same effect as  
32 personal service on the applicant. The instrument shall further  
33 stipulate that the agency created by the designation shall continue  
34 during the period covered by the license issued pursuant to this  
35 section and so long thereafter as the applicant may be made to  
36 answer in damages for a violation of this code for which the surety  
37 may be made liable or a condition of the bond.

38 (C) The instrument designating the director as agent for service  
39 of process shall be acknowledged by the applicant before a notary  
40 public.

1 (D) If the director or an employee of the department, in lieu of  
2 the director, is served with a summons and complaint on behalf  
3 of the licensee, one copy of the summons and complaint shall be  
4 left with the director or in the director's office in Sacramento or  
5 mailed to the office of the director in Sacramento. A fee of five  
6 dollars (\$5) shall also be paid to the director or employee at the  
7 time of service of the copy of the summons and complaint, or shall  
8 be included with a summons and complaint served by mail.

9 (E) The service on the director or department employee pursuant  
10 to this paragraph is sufficient service on the licensee if a notice of  
11 the service and a copy of the summons and complaint are, on the  
12 same day as the service or mailing of the summons and complaint,  
13 sent by registered mail by the plaintiff or his or her attorney to the  
14 licensee. A copy of the summons and complaint shall also be  
15 mailed by the plaintiff or plaintiff's attorney to the surety on the  
16 licensee's bond at the address of the surety given in the bond,  
17 postpaid and registered with request for return receipt.

18 (F) The director shall keep a record of all processes served  
19 pursuant to this paragraph showing the day and hour of service,  
20 and shall retain the documents served in the department's files.

21 (G) If the licensee is served with process by service upon the  
22 director or a department employee in lieu of the director, the  
23 licensee has 30 days after that service within which to answer any  
24 complaint or other pleading filed in the cause. For purposes of  
25 venue, if the licensee is served with process by service upon the  
26 director or a department employee in lieu of the director, the service  
27 is considered to have been made upon the licensee in the county  
28 in which the licensee has or last had his or her established place  
29 of business.

30 (7) (A) Meet the requirements of Section 11202.5, relating to  
31 traffic violator school operators, if the owner is also the operator  
32 of the traffic violator school. If the owner is not the operator of  
33 the traffic violator school, the owner shall designate an employee  
34 as operator who shall meet the requirements of Section 11202.5.

35 (B) A person may be an operator for more than one traffic school  
36 if (i) the schools have a common owner or owners and (ii) the  
37 schools share a single established business address.

38 (C) A traffic violator school with multiple branch locations may  
39 designate a separate operator for each location, but shall designate  
40 one of the operators as the primary contact for the department.

(8) Have an instructor who meets the requirements of Section 11206. An owner who is designated as the operator for the school is authorized to act as an instructor without meeting the requirements of Section 11206. The owner license may also include authorization to act as an instructor if the owner is not designated as the operator but meets the requirements of Section 11206. The owner license shall specify if the owner is authorized to offer instruction. If the owner is not approved to act as an instructor, the school must employ an instructor licensed pursuant to Section 11206.

(9) Provide the department with a written assurance that the school will comply with the applicable provisions of Subchapter II or III of the Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12101 et seq.), and any other federal and state laws prohibiting discrimination against individuals with disabilities. Compliance may include providing sign language interpreters or other accommodations for students with disabilities.

(b) The qualifying requirements specified in subdivision (a) shall be met within one year from the date of application for a license, or a new application and fee are required.

(c) A court-approved program that was in operation prior to July 1, 2011, shall file an application for licensure as a traffic violator school by March 1, 2012. A court shall not approve a traffic violator school program after July 1, 2011.

(1) A court-approved program may continue to operate as approved by a court until the department makes a licensing decision.

(2) The department shall approve or deny all completed applications filed pursuant to this subdivision no later than December 31, 2012.

(3) A court-approved program shall be exempt from paragraph (5) of subdivision (a). The licensed program may continue to use the curriculum approved by the court until the department establishes curriculum standards in regulation. The court-approved program must comply with the new curriculum standards by the effective date established in regulation.

(d) Paragraphs (3) and (6) of subdivision (a) do not apply to public schools or other public agencies, which shall also not be required to post a cash deposit pursuant to Section 11203.

1 (e) Paragraph (7) of subdivision (a) does not apply to public  
2 schools or other public educational institutions.

3 (f) A notice approved by the department shall be posted in every  
4 traffic violator school, branch, and classroom location stating that  
5 any person involved in the offering of, or soliciting for, a  
6 completion certificate for attendance at a traffic violator school  
7 program in which the person does not attend or does not complete  
8 the minimum amount of instruction time may be guilty of violating  
9 Section 134 of the Penal Code.

10 (g) This section shall become operative on September 1, 2011.  
11 ~~SEC. 4.5.~~

12 *SEC. 7.* Section 11202.5 of the Vehicle Code is amended to  
13 read:

14 11202.5. (a) The department shall license traffic violator school  
15 operators. A person shall not act as a traffic violator school operator  
16 without a currently valid license issued by the department, unless  
17 the person is an owner/operator and is so designated on the owner's  
18 license. Every person, in order to qualify as a traffic violator school  
19 operator, shall meet all of the following criteria in order to be  
20 issued a traffic violator school operator's license:

21 (1) Have not committed any act which, if the applicant were  
22 licensed as a traffic violator school operator, would be grounds  
23 for suspension or revocation of the license.

24 (2) Within three attempts, pass an examination that the  
25 department requires on traffic laws, safe driving practices,  
26 operation of motor vehicles, teaching methods and techniques,  
27 traffic violator school statutes and regulations, and office  
28 procedures and recordkeeping.

29 (3) Be 21 years of age or older.

30 (4) Have successfully completed an educational program of not  
31 less than four hours. The program shall include, but is not limited  
32 to, operator responsibilities, current laws, and the regulations in  
33 Article 4 of Title 13 of the California Code of Regulations. The  
34 instruction may be provided by generally accredited educational  
35 institutions, private vocational schools, and education programs  
36 and seminars offered by professional societies, organizations, trade  
37 associations, and other educational and technical programs that  
38 meet the requirements of this section.

39 (5) Provide a certification from the owner that the applicant has  
40 the knowledge necessary to perform the duties of the operator.

(b) All the qualifying requirements specified in this section shall be met within one year from the date of application for the license or the application shall lapse. However, the applicant may thereafter submit a new application upon payment of the required fee.

SEC. 5. Section 11205 of the Vehicle Code, as amended by Section 1 of Chapter 518 of the Statutes of 2003, is amended to read:

11205. (a) The department shall publish a traffic violator school referral list of all the approved locations of traffic violator school classes, by school name, to be transmitted to each superior court in the state in sufficient quantity to allow the courts to provide a copy to each person referred to traffic violator school. The list shall be revised at least twice annually and transmitted to the courts by the first day of January and the first day of July. It shall include all of the following:

(1) The name of each traffic violator school or, pursuant to subdivision (d), the general term “traffic violator school” followed by its traffic violator school license number.

(2) A phone number used for student information.

(3) The county and the judicial district.

(4) The cities where classes are available.

(b) Each traffic violator school owner shall be permitted one school name in a judicial district.

(c) The list shall be organized alphabetically in sections for each county and subsections for each judicial district within the county. The order of the names within each judicial district shall be random pursuant to a drawing or lottery conducted by the department.

(d) On the list prepared by the department under subdivision (c), each traffic violator school shall appear by name unless a court determines, pursuant to subdivision (e), that a name is inappropriate and directs the department to delete the name and instead list the school by the term “traffic violator school” followed by its license number. The deletion of the name of a school from the list for a judicial district shall not affect whether that school appears by name on the list for any other judicial district within the state. In making a determination under this subdivision regarding the deletion of a name from the list, the court shall use as its criteria whether the name is misleading to the public, undignified, or implies that the school offers inducements or premiums which

1 derogate or distort the instructional intent of the traffic safety  
2 program.

3 (e) When the department transmits any referral list pursuant to  
4 subdivision (a), each court shall do all of the following:

5 (1) Within 30 days of receipt of the list, notify the school owner  
6 of any school name that the court intends to remove from the  
7 referral list. In its written notice, the court shall set forth the specific  
8 basis and rationale for its decision.

9 (2) Within 60 days of receipt of the list, make every effort to  
10 schedule, conduct, and complete a hearing for the school owner,  
11 or a representative, if requested, at which the sole issue shall be  
12 whether the name violates the standards set forth in subdivision  
13 (d). A substitute name may be submitted to the court at the  
14 conclusion of the hearing, pursuant to subdivision (h).

15 (3) Within 10 days of the completion of that hearing, notify the  
16 department and school owner of any school names it intends to  
17 remove from the referral list.

18 (f) In order for a court action to delete a school name from the  
19 next referral list published by the department, the department shall  
20 receive court notification no later than 90 days prior to publication  
21 of the next referral list and, absent a direct order by the appellate  
22 division of the superior court or a court of higher jurisdiction, the  
23 department may not fail to publish a referral list on the grounds  
24 that there exists pending litigation or appeals concerning the lists.

25 (g) Any court notifying the department of a school name it  
26 intends to remove from the list, pursuant to this section, shall  
27 provide the school owner with the name of the judge making those  
28 findings.

29 (h) When a court informs a school owner, pursuant to  
30 subdivision (e), of its decision to delete the name of a traffic  
31 violator school from that judicial district's subsection of the  
32 department's traffic violator school referral list, the owner may,  
33 on a form approved by the department, submit a substitute name  
34 to the court and request approval of that name. The court shall,  
35 within 30 days of receipt of the request for approval of the  
36 substitute name, inform the department and the school owner, on  
37 a form approved by the department, of its approval or rejection of  
38 the substitute name. The school owner may continue this appeal  
39 process for approval of a substitute name until the court determines  
40 that the name does not violate the standard set forth in subdivision

(d). A name approval in a judicial district shall not affect the school's name or listing in any other district in the state. The department shall not impose any fee or license requirement under this subdivision.

(i) If a court fails to act within 30 days on a request of a traffic violator school owner, pursuant to subdivision (h), the proposed substitute name shall be deemed approved by the court for the purposes of the traffic violator school referral list.

(j) (1) Every application filed with the department on and after June 1, 1991, for an original license by a traffic school owner or for approval to conduct classes in a judicial district not previously approved, shall be accompanied by the approval of the court in each judicial district proposed for those operations of the name of the school, on a form approved by the department for that purpose. For the approved name to be included in the traffic violator school referral list, the form shall be received by the department no later than 90 days prior to publication.

(2) When a court disapproves a school name pursuant to this subdivision, the court shall notify the school owner within 30 days of its disapproval and schedule a hearing for that school owner, or a representative, if requested, at which the sole issue shall be whether the name violates the standards set forth in subdivision (d). A substitute name may be submitted to the court at the conclusion of the hearing, pursuant to subdivision (h).

(3) The court shall make every effort to schedule, conduct, and complete a hearing within 60 days of receipt of the school owner's request for a school name approval. A name approval in a judicial district shall not affect the school's name or listing in any other district in the state. A change in physical location by a school within a judicial district shall not require approval pursuant to this subdivision.

(k) The department shall publish a list of the owners of traffic violator schools. One copy shall be provided to each superior court in the state. This list shall be revised at least twice annually and transmitted to the courts by the first day of January and the first day of July. This list shall include all of the following:

- (1) The name of each school, grouped by owner.
- (2) The business office address.
- (3) The business office telephone number.
- (4) The license number.

1 (5) The owner's name.

2 (6) The operator's name.

3 (l) Except as otherwise provided in subdivision (d) of Section  
4 42005, the court shall use either the current list of traffic violator  
5 schools published by the department when it orders a person to  
6 complete a traffic violator school pursuant to subdivision (a) or  
7 (b) of Section 42005 or, when a court utilizing a nonprofit agency  
8 for traffic violator school administration and monitoring services  
9 in which all traffic violator schools licensed by the department are  
10 allowed the opportunity to participate, a statewide referral list may  
11 be published by the nonprofit agency and distributed by the court.  
12 The agency shall monitor each classroom location situated within  
13 the judicial districts in which that agency provides services to the  
14 courts and is represented on its referral list. The monitoring shall  
15 occur at least once every 90 days with reports forwarded to the  
16 department and the respective courts on a monthly basis.

17 (m) The court may charge a traffic violator a fee to defray the  
18 costs incurred by the agency for the monitoring reports and services  
19 provided to the court. The court may delegate collection of the fee  
20 to the agency. Fees shall be approved and regulated by the court.  
21 Until December 31, 1996, the fee shall not exceed the actual cost  
22 incurred by the agency or five dollars (\$5), whichever is less.

23 (n) If any provision of subdivision (d) or (e), as added by Section  
24 4 of Assembly Bill 185 of the 1991–92 Regular Session, or the  
25 application thereof to any person, is held to be unconstitutional,  
26 this section is repealed on the date the decision of the court so  
27 holding becomes final.

28 (o) This section shall become inoperative on September 1, 2011,  
29 and, as of January 1, 2012, is repealed, unless a later enacted statute  
30 that is enacted before January 1, 2012, deletes or extends the dates  
31 on which it becomes inoperative and is repealed.

32 SEC. 5.5. Section 11205 is added to the Vehicle Code, to read:

33 11205. (a) The department shall provide a list of licensed  
34 traffic violator schools on its Internet Web site. For each licensed  
35 school, the list shall indicate the modalities of instruction offered  
36 and specify the cities where classroom instruction is offered. The  
37 sequential listing of licensed schools shall be randomized daily.

38 (b) When a court or traffic assistance program (TAP) provides  
39 a hard copy list of licensed traffic violator schools to a traffic  
40 violator, the court or TAP shall provide only a current date-stamped

1 list downloaded from the department's Internet Web site. ~~As used~~  
2 ~~in this section, "current" means not more than 30 days old. The~~  
3 ~~hard copy list shall be as current as practicable, but in no event~~  
4 ~~shall a list be distributed with a date stamp that is more than 60~~  
5 ~~days old.~~

6 (c) The department shall, by April 1, 2012, develop a Web-based  
7 database that will enable the department, the courts, and traffic  
8 violator schools to monitor, report, and track participation and  
9 course completion. Traffic violator schools shall update course  
10 information within 72 hours of class completion and provide to  
11 the courts class completion information on a daily basis.

12 (d) This section shall become operative on September 1, 2011.

13 SEC. 6. Section 11205.1 of the Vehicle Code is amended to  
14 read:

15 11205.1. The fee authorized in subdivision (c) of Section  
16 11205.2 shall be applicable only in those instances where a traffic  
17 violator has agreed to attend or has been ordered to attend a traffic  
18 violator school pursuant to Section 41501 or 42005.

19 SEC. 7. Section 11205.2 of the Vehicle Code is amended to  
20 read:

21 11205.2. (a) As used in this chapter, court assistance program  
22 (CAP) is a public or private nonprofit agency that provides  
23 services, under contract with a court, to process traffic violators.

24 (b) A court may use a CAP to assist the court in performing  
25 services related to the processing of traffic violators. As used in  
26 this section, "services" includes those services relating to the  
27 processing of traffic violators at, and for, the court.

28 (c) Whenever a CAP monitors a designated traffic violator  
29 school, the CAP shall follow the procedures set forth in subdivision  
30 (d) of Section 11214. The CAP shall send its monitoring report to  
31 the department for review, evaluation, processing and any further  
32 action determined necessary by the department. A copy of the  
33 report shall also be provided to the court. The role of a CAP is  
34 limited to that set forth in this chapter. Nothing in this chapter  
35 abrogates or limits the inherent powers of the courts under Article  
36 VI of the California Constitution.

37 (d) The court may charge a traffic violator a fee to defray the  
38 costs incurred by the agency for the monitoring reports and services  
39 provided to the court. The court may delegate collection of the fee  
40 to the agency. Fees shall be approved and regulated by the court.

1 Until December 31, 1996, the fee shall not exceed the actual cost  
2 incurred by the agency or five dollars (\$5), whichever is less.

3 (e) When a monitoring report is adverse, the CAP shall send a  
4 copy to the licensee within 30 days after the date of the monitoring.  
5 Copies of all other monitoring reports shall be available to a  
6 licensee upon request and payment of a fee. The fee may not exceed  
7 the cost of postage and photocopying.

8 (f) The department or a court may not remove the name of a  
9 traffic violator school that does not have a suspended or revoked  
10 license from any part of a student referral list published by the  
11 department or CAP pursuant to Section 11205, unless the school  
12 owner is first provided notice and the opportunity to request a  
13 hearing conducted by the department or a court, to determine  
14 whether there are sufficient grounds to warrant removal of the  
15 school's name. Any decision to remove a name may be appealed  
16 to any court of competent jurisdiction.

17 (g) In the event that a CAP, acting pursuant to a contract with  
18 a court, audits or inspects the records of a traffic violator school,  
19 the CAP shall use the same process and procedures used by the  
20 department to conduct the audit or inspection.

21 (h) This section does not preclude a court from entering into a  
22 contract with public or private nonprofit agencies to provide  
23 services to the court, other than those described in this section.

24 (i) This section shall remain in effect only until January 1, 2013,  
25 and as of that date is repealed, unless a later enacted statute, that  
26 is enacted before January 1, 2013, deletes or extends that date.

27 SEC. 7.5. Section 11205.2 is added to the Vehicle Code, to  
28 read:

29 11205.2. (a) As used in this chapter, a traffic assistance  
30 program (TAP) is a public or private nonprofit agency that provides  
31 services, under contract with a court to process traffic violators or  
32 under contract with the department to assist in oversight activities.

33 (b) A court may use a TAP to assist the court in performing  
34 services related to the processing of traffic violators. As used in  
35 this section, "services" means those services relating to the  
36 processing of traffic infraction cases at, and for, the court, including  
37 printing and providing to the court and traffic violators hard copy  
38 county-specific lists printed from the department's Internet Web  
39 site, administratively assisting traffic violators, and any other lawful

1 activity relating to the administration of the court's traffic infraction  
2 caseload.

3 (c) The court may charge a traffic violator a fee to defray the  
4 costs incurred by a TAP for traffic case administration services  
5 provided to the court pursuant to subdivision (b). The court may  
6 delegate collection of the fee to the TAP. Fees shall be approved  
7 and regulated by the court. The fee shall not exceed the actual  
8 costs incurred by the TAP for the activities authorized under  
9 subdivision (b).

10 (d) This section shall become operative on January 1, 2013.

11 SEC. 8. Section 11205.4 of the Vehicle Code is repealed.

12 SEC. 8.5. Section 11205.4 is added to the Vehicle Code, to  
13 read:

14 11205.4. (a) The department may use a traffic assistance  
15 program (TAP) for monitoring of licensed traffic violator schools,  
16 including but not limited to, audits, inspections, review and  
17 examination of business records, class records, business practices,  
18 the content of the program of instruction set forth in the lesson  
19 plan, or curriculum of a licensee. Inspection includes, but is not  
20 limited to, the review of the business office, branch office, and  
21 applicable classroom facilities of a licensee. Monitoring includes  
22 onsite review of actual presentation of the traffic safety instruction  
23 provided in a classroom and any other activity deemed necessary  
24 to ensure high quality education of traffic violators.

25 (b) This section shall become operative on September 1, 2011.

26 SEC. 9. Section 11208 of the Vehicle Code is amended to read:

27 11208. (a) Fees for issuance by the department of a license to  
28 a traffic violator school owner shall be as follows:

29 (1) For the original license or an ownership change which  
30 requires a new application, except as provided by Section 42231,  
31 a fee of one hundred fifty dollars (\$150), with an additional fee of  
32 seventy dollars (\$70) for each separate traffic violator school  
33 branch or classroom location licensed. The fee prescribed by this  
34 subdivision is nonrefundable.

35 (2) For annual renewal of the license for a traffic violator school  
36 and for each branch or classroom location, a fee of fifty dollars  
37 (\$50).

38 (3) If alteration of an existing license is required by a firm name  
39 change, a change in corporate officer structure, address change,

1 or the addition of a traffic violator school branch or classroom  
2 location, a fee of seventy dollars (\$70).

3 (4) For replacement of the license certificate when the original  
4 license is lost, stolen, or mutilated, a fee of fifteen dollars (\$15).

11 the name or location of the established principal place of business  
12 of the traffic violator school operated by the licensee, including a  
13 transfer by a licensee from one traffic violator school to another,

13 to Section 42005 shall present this certificate of completion to the  
14 court as proof of completion of instruction, and no other proof of  
15 completion of instruction may be accepted by the court.

16 (e) The department shall compile its actual costs incurred to  
17 determine the fee prescribed in subdivision (d) and make available  
18 its financial records used in the determination of the fee for

20 odd-numbered year based upon the costs incurred during the  
21 preceding two fiscal years. The records described in this  
22 subdivision are public records.

23 (f) This section shall become inoperative on September 1, 2011,  
24 and, as of January 1, 2012, is repealed, unless a later enacted

39 Division 5.

(b) In lieu of adjudicating a traffic offense committed by a person who holds a noncommercial class C, class M1, or class M2 driver's license, and with the consent of the defendant, the court may order the person to attend a licensed traffic violator school, a licensed driving school, or any other court-approved program or driving instruction.

(d) The court may not order or permit a person, regardless of the driver's license class, to complete a licensed traffic violator school, a licensed driving school, or any other court-approved program of driving instruction in lieu of adjudicating an offense if that offense is either of the following:

1 of one or more individual courts, contracted for the provision of

3 the court pursuant to a pretrial diversion program, the courts may  
4 restrict referrals to those schools for traffic violators or licensed  
5 driving schools that are under contract with the court or with the  
6 county to provide traffic safety instructional services for persons  
7 referred pursuant to subdivision (a) of Section 42005.

8 (b) A county described in Section 28023 of the Government  
9 Code may continue to provide the program authorized by this  
10 section in accordance with the provisions of current and future  
11 contracts as may be amended and approved by the individual courts  
12 within that county, and the county shall be exempt from state  
13 regulations relative to maximum classroom attendance.

14 (c) Notwithstanding subdivisions (a) and (b), a court in the  
15 counties described in those subdivisions shall comply with the  
16 prohibitions set forth in subdivisions (c) and (d) of Section 42005.

30 SEC. 16. Section 42007 of the Vehicle Code is amended to  
31 read:

32 42007. (a) (1) The clerk of the court shall collect a fee from  
33 every person who is ordered or permitted to attend a traffic violator  
34 school pursuant to Section 42005 or who attends any other  
35 court-supervised program of traffic safety instruction. The fee shall  
36 be in an amount equal to the total bail set forth for the eligible  
37 offense on the uniform countywide bail schedule. As used in this  
38 subdivision, "total bail" means the amount established pursuant  
39 to Section 1269b of the Penal Code in accordance with the Uniform  
40 Statewide Bail Schedule adopted by the Judicial Council, including

1 all assessments, surcharges, and penalty amounts. Where multiple  
2 offenses are charged in a single notice to appear, the “total bail”  
3 is the amount applicable for the greater of the qualifying offenses.  
4 However, the court may determine a lesser fee under this  
5 subdivision upon a showing that the defendant is unable to pay  
6 the full amount.

7 The fee shall not include the cost, or any part thereof, of traffic  
8 safety instruction offered by the school or other program.

9 (2) The clerk may accept from a defendant who is ordered or  
10 permitted to attend traffic violator school a payment of at least 25  
11 percent of the fee required by paragraph (1) upon filing a written  
12 agreement by the defendant to pay the remainder of the fee  
13 according to an installment payment schedule of no more than 90  
14 days as agreed upon with the court. The Judicial Council shall  
15 prescribe the form of the agreement for payment of the fee in  
16 installments. When the defendant signs the Judicial Council form  
17 for payment of the fee in installments, the court shall continue the  
18 case to the date in the agreement to complete payment of the fee  
19 and submit the certificate of completion of traffic violator school  
20 to the court. The clerk shall collect a fee of up to thirty-five dollars  
21 (\$35) to cover the cost of processing an installment payment of  
22 the traffic violator school fee under this paragraph.

23 (3) When a defendant fails to make an installment payment of  
24 the fee according to an installment agreement, the court may  
25 convert the fee to bail, declare it forfeited, and report the forfeiture  
26 as a conviction under Section 1803. The court may also charge a  
27 failure to pay under Section 40508 and impose a civil assessment  
28 as provided in Section 1214.1 of the Penal Code or issue an arrest  
29 warrant for a failure to pay.

30 (b) Revenues derived from the fee collected under this section  
31 shall be deposited in accordance with Section 68084 of the  
32 Government Code in the general fund of the county and, as may  
33 be applicable, distributed as follows:

34 (1) In any county in which a fund is established pursuant to  
35 Section 76100 or 76101 of the Government Code, the sum of one  
36 dollar (\$1) for each fund so established shall be deposited with the  
37 county treasurer and placed in that fund.

38 (2) In any county that has established a Maddy Emergency  
39 Medical Services Fund pursuant to Section 1797.98a of the Health  
40 and Safety Code, an amount equal to the sum of each two dollars

1 (\$2) for every seven dollars (\$7) that would have been collected  
2 pursuant to Section 76000 of the Government Code and,  
3 commencing January 1, 2009, an amount equal to the sum of each  
4 two dollars (\$2) for every ten dollars (\$10) that would have been  
5 collected pursuant to Section 76000.5 of the Government Code  
6 with respect to those counties to which that section is applicable  
7 shall be deposited in that fund. Nothing in the act that added this  
8 paragraph shall be interpreted in a manner that would result in  
9 either of the following:

10 (A) The utilization of penalty assessment funds that had been  
11 set aside, on or before January 1, 2000, to finance debt service on  
12 a capital facility that existed before January 1, 2000.

13 (B) The reduction of the availability of penalty assessment  
14 revenues that had been pledged, on or before January 1, 2000, as  
15 a means of financing a facility which was approved by a county  
16 board of supervisors, but on January 1, 2000, is not under  
17 construction.

18 (3) The amount of the fee that is attributable to Section 70372  
19 of the Government Code shall be transferred pursuant to  
20 subdivision (f) of that section.

21 (c) For fees resulting from city arrests, an amount equal to the  
22 amount of base fines that would have been deposited in the treasury  
23 of the appropriate city pursuant to paragraph (3) of subdivision  
24 (b) of Section 1463.001 of the Penal Code shall be deposited in  
25 the treasury of the appropriate city.

26 (d) As used in this section, “court-supervised program” includes,  
27 but is not limited to, any program of traffic safety instruction the  
28 successful completion of which is accepted by the court in lieu of  
29 adjudicating a violation of this code.

30 (e) The clerk of the court, in a county that offers traffic school  
31 shall include in any courtesy notice mailed to a defendant for an  
32 offense that qualifies for traffic school attendance the following  
33 statement:

34  
35 NOTICE: If you are eligible and decide not to attend traffic  
36 school your automobile insurance may be adversely affected.  
37

38 (f) Notwithstanding any other provision of law, a county that  
39 has established a Maddy Emergency Medical Services Fund  
40 pursuant to Section 1797.98a of the Health and Safety Code shall

1 not be held liable for having deposited into the fund, prior to  
2 January 1, 2009, an amount equal to two dollars (\$2) for every ten  
3 dollars (\$10) that would have been collected pursuant to Section  
4 76000.5 of the Government Code from revenues derived from  
5 traffic violator school fees collected pursuant to this section.

6 (g) This section shall become inoperative on July 1, 2011, and,  
7 as of January 1, 2012, is repealed, unless a later enacted statute,  
8 that becomes operative on or before January 1, 2012, deletes or  
9 extends the dates on which it becomes inoperative and is repealed.

10 SEC. 16.5. Section 42007 is added to the Vehicle Code, to  
11 read:

12 42007. (a) (1) The clerk of the court shall collect from every  
13 person who is ordered or permitted to attend a traffic violator  
14 school pursuant to Section 41501 or 42005 an amount equal to the  
15 total bail set forth for the eligible offense on the uniform  
16 countywide bail schedule. As used in this subdivision, "total bail"  
17 means the amount established pursuant to Section 1269b of the  
18 Penal Code in accordance with the Uniform Statewide Bail  
19 Schedule adopted by the Judicial Council, including all  
20 assessments, surcharges, and penalty amounts. If multiple offenses  
21 are charged in a single notice to appear, the "total bail" is the  
22 amount applicable for the greater of the qualifying offenses.  
23 However, the court may determine a lesser fee under this  
24 subdivision upon a showing that the defendant is unable to pay  
25 the full amount. The fee shall not include the cost, or any part  
26 thereof, of traffic safety instruction offered by a traffic violator  
27 school.

28 (2) The clerk may accept from a defendant who is ordered or  
29 permitted to attend traffic violator school a payment of at least 25
